About Me

I am an Industrial Designer who values the diversity of thinking, different ideologies, and global perspectives when working with a team. I find innovation through the details, exploring color and materials, form and function, graphics and packaging, and opportunities that surprise and delight. Through visuals- ideation, animation, and storytelling, I want to craft engaging user experiences and activate a brand. I believe designers create experiences people didn't know they wanted until they saw them.

Education

ArtCenter College of Design Bachelor of Science Product Design

Sep 2019 - Aug 2023

- GPA : 3.52

University of Oregon Bachelor of Fine Art Product Design

Sep 2018- Jun 2019

Experience

Thinkk Studio Internship

27th Sept 20 - 13th Jan 21

- Conducted Material Research with domestic materials found in Thailand to create new materials with unique textures. Then transferring those materials into pieces of furniture and surfaces.

Skills

Leadership

- I can manage and lead a team of people to complete a task, using my practical communications skills to set goals, plan and develop strategies with my team. Through listening and understanding, I aim to create an environment of collaboration and trust.

Risk Taking

- I am keen on trying and finding new methods of analyzing and designing my work and others so that I can create the best work I can make.

Model Making

- Proficient skills in creating both hard and soft goods in various power tools found in the model shop. Efficient sewing skills to create a variety of soft goods

Software

- Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Adobe XD, Adobe Premiere Pro, Solid Works, Keyshot, Ansys SpaceClaim, Microsoft Suite

Languages

- English: Speaking (Fluent), Listening, Reading, Writing
- Thai: Speaking (Conversational), Listening
